Palestine-Gaza / Gaza

EDUCATION

Bachelor's of Computer Science
At Islamic University of Gaza
2020 - 2024

LANGUAGE (Arabic , English)

SOFT SKILLS

- Communication skills
- Teamwork
- Time Management
- Problem Solving
- Attention to user experience
- Continuous learning

SKILLS

- Laravel
- Flutter
- PHP Language
- Dart Language
- Web Development
- MVC Architecture
- MVVM Architecture
- Notifications
- Poatman
- Payment
- Pusher
- Firebase
- Microsoft Office
- Data Entry
- Data Management
- PowerBi
- Data Analysis

EXECUTIVE SUMMARY

Focused and Quick-Learning Software Developer
Specializing in Flutter and Laravel, I have a strong foundation in software development and a proven history of successfully developing small to medium-sized projects. My expertise also includes architecture design, ensuring that projects are both scalable and efficient. I am always eager to learn new technologies and quickly adapt to meet project requirements.
In addition, I have experience with data entry, data organization, and basic data analysis using Microsoft Excel, with strong attention to accuracy and

EXPERIENCE

Mobile App Development
Upwork | 08/2021 - Present

I specialize in developing simple, intuitive, and high-performance mobile applications using the **Flutter** framework. With expertise in **Flutter** and **Laravel**, I create seamless cross-platform experiences and powerful back-end systems. I focus on delivering robust solutions that integrate **Firebase** for real-time data management and efficient **API integrations** to ensure smooth user experiences.

Assisted with data entry, data organization, and basic data analysis using Excel as part of project-related tasks.

Web Development Internship (PHP/Laravel)
Alqeq Company. | 20/12/2022 - 20/2/2023

I have completed training in Web development (PHP/Laravel) at Alqeq Company with proficiency in the programming languages required for the course. During my training, I have gained hands-on experience in developing dynamic websites and web applications using PHP and Laravel framework. I have acquired a good understanding of software development life cycle (SDLC) and have learned to write clean, efficient, and scalable code.

Technical Training - PHP/Laravel Developer

Completed an intensive training program focusing on **PHP** and **Laravel** frameworks, gaining practical experience in building scalable web applications.
Gained hands-on experience with **RESTful API development**, **MVC architecture**, **database management (MySQL)**, and **authentication mechanisms**.
Participated in real-world projects and collaborated in a team to solve complex development challenges.
Learned best practices in **code quality**, **version control (Git)**, and

Tools I used

- Andiron Studio
- VSCode
- Postman
- Github
- Figma
- XD
- Clickup
- phpMyAdmin

Social Accounts
